HEAVY BATTING WINS FOR FARMINGTON

Locals Have Batting Clothes On And Get 15 Safe Hits off Barger—Score 7 to 4.

Farmington defeated Flat River in the third game of the series last Sunday by the score of 7 to 4. Farmington returned to its early season and every man on the team was full of the spirit of determination which makes men fight to the last. Barger pitched for Flat River and wasn't very effective, Farmington getting 15 hits off him. Patton was in rare form, allowing Flat River only three hits and fanning eight, which is "going some." The features of the game were Patton's and Hough's batting, each getting 3 hits, and Parsons' steal of home in the fifth. The umpire was very favorable to Flat River and helped them out of a great many tight places. Farmington had some new faces in the game, Herzog making the best impression on the fans. In the first inning Green hit one that looked good for a homer but Herzog was waiting for it and smothered it.

Farmington scored 2 runs in the first inning on three hits and an error: 1 in the fourth on three hits and 2 stolen bases; two in the seventh on 3 hits and two passed balls, and two in the ninth on a three-bagger, a base on balls, a wild throw and a long fly. Flat River scored one in the second, one in the fifth, one in the seventh, one in the eighth. The official score:

(3) THREE GRADUATES--THREE DIPLOMAS (3)

Prof. C. B. McClintock of Farmington enrolled three of his children in the Moothart Business College last fall, and we are pleased to present herewith their photos and testimonials, showing the success they have already won and the bright future now before them. How many readers hereof will decide to enroll with us in September and prepare for a profitable, pleasant, self-supporting livelihood? We guarantee positions. Read what they say:

Arthur McClintock.

St. Louis, Mo., August 1, 1906.

Prof. G. W. Moothart:

Knowing your continued interest in the success and general welfare of your students, I am pleased to inform you that after graduation I enrolled with your Employment Agency and very soon thereafter was sent to the office of the American Rubber and Telling Co. of this city, where I am doing satisfactory stenographic work, receiving a good salary with promise of an early advance. With best wishes for my Alma Mater, I am,

ARTHUR MCCLINTOCK.

Farmington, Mo., June 25, 1906.

President G. W. Moothart:

I wish to express my high appreciation of the stenographic work done by Miss Gladys McClintock. Her work in my office has been rapid and accurate, showing skill in the form and arrangement of her papers, all of which indicates careful training by your school.

J. P. CAYCE.

Attorney-at-Law.

Elmo McClintock.

Farmington, Mo., July 5, 1906.

Prof. G. W. Moothart:

Mr. Elmo McClintock, a recent graduate of your bookkeeping and shorthand department, is employed in our office, and his services clearly demonstrate his ability to do accurate and satisfactory work. In view of such we are pleased to recommend your institution to all young people wishing to prepare for a successful career. CLAY, BUCK & FLEMING, Real Estate and Insurance Agents.

Resolutions of Respect.

Inasmuch as the hand of death has been laid upon this Board and one of its oldest and most faithful members, Joseph D. Munsch, has been taken therefrom

It is Resolved by the Board of Aldermen of the City of Farmington, that Joseph D. Munsch, who for six years has served as Alderman from the Fourth Ward of this city, was at all times true and faithful to his trust as a member of this Board, and zealous in his attendance upon its sessions and the work of its committees; that he gave earnest and intelligent consideration to all matters pertaining to the public welfare; that in his death we personally have been deprived of a worthy associate and counselor, and the City of Farmington has lost a valuable servant and citizen.

Resolved, further, that these resolutions be spread upon the records of this council as a testimonial of the esteem in which he was held by its members, and that the Clerk be ordered to deliver a copy thereof to his bereaved widow.

It is further resolved that these resolutions be published in The Farmington Times and The Farmington News.

St. Francois County Stock Show.

The Business Men's Club is preparing finely with the arrangements for the Stock Show which is to be held Sep. 12, 13, 14 and 15. The premium list will be announced within a short time. There will not only be premiums offered for all kinds of stock and products of the field and garden, but the ladies will have an opportunity to display their preserves, jellies, embroideries of all kinds, art work in various classes. There should be a very interesting display in the latter classes. The city council has granted the use of the streets for the concessions that will be here for that occasion. A grand stand with a seating capacity of 2500 is to be erected on First Street. The County Court has granted the use of the space around the Court House for various displays. There will be displays of poultry, fruit and various handwork in some convenient building on the main street. There will be several attractions, amusements of a clean and interesting character. The various committees are hard at work and expect to make it so interesting that there will be a large turn out from this and surrounding counties.

Men's \$3.50 Oxfords, just a few pair of each style for \$2.50.

MAN KILLED.

On the night of the 7th, Jack Thomure was run over by an electric car about 10:25 p. m., near Esther. The car was in charge of Motorman Newt Stone and President Zwart and George Halter were on the car, making a tour of inspection of the tracks after the heavy rain of that afternoon. The usual time between Farmington and Esther is 26 minutes but the car was running so slowly that the time that night was 45 minutes. The man was lying straight across the track and was struck just as the car rounded the curve and the body was dragged about thirty feet and was terribly mutilated. The verdict of the coroner's jury was "that the man came to his death from causes unknown and the body was run over by an electric car and badly mutilated." The man had come up from Ste. Genevieve on the evening train and when he got off the Illinois Southern train he failed to get on the electric car for Farmington. Nothing further is known of his movements. His position across the track seemed to indicate a suggestion of foul play, but in his intoxicated condition he may have stumbled across it while walking down the track in the rain and darkness.
